Explanation	Modulus E (MPa)	Stress σ (MPa)	Deflection δ (mm)	Claim correct	
				Stress	Deflection
Prescribed force; observed stress 50 MPa					
H1	200,000	50.0	0.0250	yes ●	yes ●
H2	100,000	50.0	0.0500	yes ●	no ○
Prescribed displacement; observed stress 50 MPa					
H1	200,000	50.0	0.0250	yes ●	yes ●
H2	100,000	25.0	0.0250	no ○	yes ●

Only the implemented elastic modulus differs between H1 and H2.

Correctness is checked against the original specification.
